Accomplishments (1993-2021) • Serving Acadiana for 30 years

We are a faith-based agency whose mission is to strengthen and support individuals, marriages, and families in Acadiana through professional Christian counseling, enrichment seminars, and the development and distribution of educational materials.

### Professional Christian Counseling:

In addition to our powerful 3-Day Intensives, we are offering new cutting-edge therapies through individualized multi-hour/day sessions. **Since 1993:** We have helped 13,179 families through 87,433 counseling sessions giving away \$1,211,335 in counseling fee discounts.

### Enrichment Seminars:

**1993 - 2021:** Over 500 free public seminars, workshops, and retreats have been presented to nearly 54,000 participants. Over 650 small groups and Bible studies were conducted for an estimated 1,500 people. In addition to regularly conducting “Inner Healing” small groups for over a decade, numerous leaders were trained who have helped spread this special ministry across the state.

### Educational Materials:

**1993 - 2021:** BCS continues to create and give away hundreds of free materials and resources that benefit thousands annually. Among these have been 4 of Dudley’s published books and 6 DVD Small Group Studies with workbooks. During the last 2 years, Dudley has posted 100 mini blogs through BCS Facebook, reaching over 35,000 people, offering much needed encouragement and practical coping strategies during COVID and the accompanying challenges we’ve all been facing.

BCS is not allied with, nor does it endorse any church or denomination, providing services to people seeking help regardless of their background, race, or religious belief.

### Sharing the Good News:

**1993 - 2021:** Through counseling sessions and BCS events over 2,700 people have heard and responded to the Gospel (the “Good News”) by praying to accept Jesus Christ as Savior and Lord.
